FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 1-19-86

b - Effective - 2-2-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 2-2-86. The changes effective 1-19-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $14,750 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate employees are eligible for 25% danger pay allowance (See Chapter 650).

s - The listed allowance rates apply only to employees in the Pre Treaty Area authorized by law to receive such allowances. The listing for "Canal Area (Pre Treaty)" applies only to Albrook, Ancon, Balboa, Cardenas, Cocoli, Corozal, Curundu, Diablo Heights, Farfan, Fort Amador, Fort Clayton, Fort Kobbe, Gamboa, Howard AB, La Boca, Los Rios, Quarry Heights and Rodman.

THE FOLLOWING RATES WERE EFFECTIVE 1-19-86. SEE FOOTNOTE c.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 2-16-86

b - Effective - 3-2-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 3-2-86. The changes effective 2-16-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $14,750 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate employees are eligible for 25% danger pay allowance (See Chapter 650).

s - The listed allowance rates apply only to employees in the Pre Treaty Area authorized by law to receive such allowances. The listing for "Canal Area (Pre Treaty)" applies only to Albrook, Ancon, Balboa, Cardenas, Cocoli, Corozal, Curundu, Diablo Heights, Farfan, Fort Amador, Fort Clayton, Fort Kobbe, Gamboa, Howard AB, La Boca, Los Rios, Quarry Heights and Rodman.

THE FOLLOWING RATES WERE EFFECTIVE 2-16-86. SEE FOOTNOTE c.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 3-16-86

b - Effective - 3-30-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 3-30-86. The changes effective 3-16-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $14,750 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate employees are eligible for 25% danger pay allowance (See Chapter 650).

s - The listed allowance rates apply only to employees in the Pre Treaty Area authorized by law to receive such allowances. The listing for "Canal Area (Pre Treaty)" applies only to Albrook, Ancon, Balboa, Cardenas, Cocoli, Corozal, Curundu, Diablo Heights, Farfan, Fort Amador, Fort Clayton, Fort Kobbe, Gamboa, Howard AB, La Boca, Los Rios, Quarry Heights and Rodman.

THE FOLLOWING RATES WERE EFFECTIVE 03-16-86. SEE FOOTNOTE c.

260 SEPARATE MAINTENANCE ALLOWANCE (See also Section 077.32a.)

261 Description

261.1 Definitions

a. "Separate maintenance allowance", hereinafter referred to as SMA, means an allowance to assist an employee who is compelled by reason of dangerous, notably unhealthful, or excessively adverse living conditions at the post of assignment in a foreign area, or for the convenience of the Government, to meet the additional expense of maintaining family members elsewhere than at such post.

This allowance may also be authorized to an employee who personally requests such an allowance, based on special needs or hardship involving the employee or family member.

b. "Member of family" means an individual as defined in Section 040m (1) through (4), except that to be considered a member of family for separate maintenance allowance: parents, sisters and brothers must have resided with the employee in a foreign area for a period of at least one year immediately prior to the date of separation.

The one year foreign residency requirement may be waived only when transportation to the post was generally withheld for all family members of all employees and, in the judgment of the head of agency, the parents, sisters and brothers would have resided with the employee at the post except for the circumstances described in Section 262.1.

261.2 Scope

SMA is intended to assist in offsetting the additional expense incurred by an employee who is compelled by the circumstances described below to maintain a separate household for the family or a member of the family. An employee who is receiving SMA on behalf of a member of family is not eligible for other allowances or benefits under these regulations on behalf of that member of family except as provided under Sections 242.6, 262.3b and 267.2.

262 Circumstances Warranting SMA

SMA may be granted to an employee whenever the head of agency determines that the employee is compelled to maintain any or all members of family elsewhere than at the post of assignment because of the following circumstances:

262.1 For the Convenience of the Government (Involuntary)

An agency may authorize SMA when adverse, dangerous, or notably unhealthful conditions warrant the exclusion of members of family from the area or when the agency determines a need to exclude members of family from accompanying an employee to the area. (See also Section 264.1)

262.2 For Special Needs or Hardship of the Employee (Voluntary)

An agency may authorize SMA when an employee requests SMA for special needs or hardship prior to or after arrival at post for reasons including but not limited to career, health, educational or family considerations for the spouse, children or other family member.

262.3 Separation from Family Member

a. A SMA may be granted when the employee is separated from the member of family and where the conditions described in Section 262 reasonably appear to require a separation for a period of at least 90 consecutive calendar days, except as provided below:

Exceptions: The 90 day rule may be reduced to 30 days when:

(1) adequate medical facilities in the area are not available for pre and post natal care; or

(2) members of family are detained in the United States for medical clearance; or

(3) children must begin or complete a school year before employee has arrived at post or after employee has departed on transfer to another post in a foreign area.

After expiration of the 90 or 30 day periods, a grant previously not authorized under this section may be made for the entire period of separation if the condition necessitating separate maintenance continued for a longer period.

b. Unless specifically designated otherwise by the head of agency, family members on SMA (voluntary) are considered to be officially residing in the U.S. However, when SMA is granted for the convenience of the Government (involuntary), and a foreign area is designated as the official SMA location, a child authorized to be residing at that location can be authorized an education allowance within the applicable "school at post" education allowance established in these regulations for the post.

263 Circumstances Not Warranting SMA

263.1 Member of Family Not Normally Residing With Employee

When a member of family would not normally reside with the employee, this individual does not meet the definition of member of family;

263.2 Married Couple Employees

When the spouse of an employee is either a member of the military services or is a U.S. Government civilian employee subject to worldwide assignment availability. However, a career or probationary career employee in leave without pay status (LWOP) is considered a dependent;

263.3 Separation/Divorce

When a legal separation exists between an employee and spouse; or a separation occurring through a divorce decree, whether limited interlocutory or final. A legal separation is deemed to exist at such time as either the employee or spouse shall have initiated action (1) affecting the status of the marriage such as a separate maintenance action, or (2) separation from bed and board short of application for divorce. A separate maintenance action is one against a spouse for permanent or temporary support and maintenance for the moving spouse, and for support, maintenance and education of minor children;

263.4 Lack of Legal Custody of Child

When a child's legal custody is vested wholly, or in part, in a person other than the employee or the employee's current spouse, except as follows: SMA may be granted when the employee (or current spouse) has joint legal custody and child does not reside with the other parent and it is established that except for the circumstances described in Section 262 the child would reside with the employee and the employee's current spouse;

263.5 Child Receiving A School Away from Post Education Allowance

When a child is receiving a "school away from post" education allowance grant under these regulations;

263.6 Child on Educational Travel

When a child travels on "educational travel", for the 12-month period following that travel/trip;

263.7 Voluntary SMA Within the Same Country or Within 300 Miles of Employee

When the member of family on voluntary SMA is residing within the same country or within 300 miles (one-way road mileage) from the employee;

263.8 SMA Payment Withheld if Per Diem Payable

While the member of family is eligible for travel per diem.

264 Application and Supporting Data: (In addition to data required by Section 077.32a)

264.1 For Convenience of The Government

A SMA application based on "for the convenience of the Government" reasons should be annotated in box 26 of SF-1190 to reflect the following circumstances where appropriate:

(1) Where housing facilities at the post are subject to control by United States military authorities, a foreign government, or some other authority, and are not available for use by the dependent.

(2) Where, in the interest of the Government, the agency has;

a. withheld or terminated authority for the family member's transportation to the post, or

b. recommended that the family member leave the post of assignment.

(3) Applications based upon health factors shall be supported by a statement from the attending physician. Grants shall also be supported by a ruling by reliable medical authority, that is, the ranking medical officer attached to the agency, or by such other person or group of persons as the head of agency may designate.

264.2 Based on Special Needs or Hardship of the Employee

(1) SMA application based on needs or hardship of the employee should include in box 26 of SF-1190 a statement from the employee certifying the circumstances of special need or hardship and stating that such circumstances do not:

a. include legal separation (see Section 263.3) between employee and spouse or separation occurring through a divorce decree, whether limited, interlocutory, or final; or

b. involve a child whose legal custody is vested wholly, or in part, in a person other than the employee or the employee's current spouse. When employee has joint legal custody, statement must include that child will not reside with the other parent;

(2) At the time of assignment an employee must elect (1) to have a dependent included on the employee's travel orders or (2) not placed on the travel orders and instead be placed on SMA (voluntary). After this initial election, the employee may request that SMA (voluntary) either commence/terminate, depending on the initial election, only once for each member of family during a tour. However, this change can not occur during the employee's first or last 90 days at post.

265 Commencement And Continuation of Grant

265.1 Upon Assignment to a New Post

The grant of SMA to an employee in connection with assignment to a new post shall commence as of the latest of the following dates:

(1) date on which employee submits SF-1190 application for SMA grant (See also Section 262.3a); or

(2) date of assignment; or

(3) date on which the employee begins official travel under an order of assignment; or

(4) date on which the separation from the member of family occurs (See also Section 263.8).

265.2 During Assignment to a Post

If SMA is granted to an employee during the period of service at a post of assignment, the grant shall commence as of the latter of the following dates:

(1) date on which employee submits SF-1190 application for SMA grant (See Section 262.3a); or

(2) date on which the separation from the member of family occurs (See also Section 263.8).

265.3 During Employee's Absence from Post

The grant shall continue during the absence of the employee from the post provided the employee maintains quarters at the post, unless terminated under the provisions of Sections 266.2 or 266.3.

265.4 During Visit of Member of Family to Post

The grant of SMA on behalf of a member of family may continue during the family member's visit to post when the visit is for thirty days or less, providing the member of family is again en route to the SMA point by the 31st day.

266 Suspension/Termination of Grant

266.1 During Visit of Member of Family to Post

The grant of SMA on behalf of a member of family shall be suspended the day that the family member arrives at post when the stay is or will be in excess of thirty days. No other allowances or benefits under these regulations may be authorized for this member of family while visiting post.

SMA payments may be resumed effective the day the member of family departs en route to the SMA point.

266.2 Transfer

When an employee is transferred from a post at which the employee has been granted SMA, such grant shall terminate as of the earliest of the following dates:

(1) date the employee commences travel under the transfer order; or

(2) effective date of transfer when no travel by the employee under the transfer order is involved.

266.3 Separation

When an employee is separated (Section 040r) while assigned to a post at which the employee has been granted SMA, such grant shall terminate as of the earlier of the following dates:

(1) last day of employment; or

(2) date on which the employee is reunited with member of family.

267 Payment

267.1 Determination of Rates

The annual rate of the SMA grant to an employee is determined by the number of family members maintained elsewhere than at the post of assignment. The rates in the following table do not vary by location of the separate household:

1 Child Only	2 or More Children	1 Adult Only	1 Adult and 1 Additional Family Member	1 Adult and 2 or 3 Additional Family Members	1 Adult and 4 or More Additional Family Members
$2,400	$4,200	$4,700	$5,800	$7,200	$8,700

A "child" is a family member who is unmarried and under 21 years of age as defined in Section 040m(2) and (4).

An "adult" for the purposes of the above SMA table includes the employee's spouse and any of the relatives defined in Sections 040m and 261.1b as family members who are 21 years of age or older.

267.2 Payment Reduced When Government Quarters or Special Benefits Are Available to Family Members.

Payment under SMA grant shall be reduced for any period during which a family member on behalf of whom the allowance was granted resides in Government provided quarters or for whom special benefits are provided by the U.S. Government. In determining the amount to be deducted the following criteria shall be applied:

a. if the family members are provided adequately furnished quarters including necessary heat, electricity and water at U.S. Government expense, the rate will be reduced by 70%. In the event that necessary heat, electricity and water are not provided at Government expense, the grant may be increased by the utilities expenses actually incurred by the employee;

b. if the quarters are provided without major household effects such as basic furniture and major appliances, the reduction in the rate will be 50% with utilities consideration as in Part a if necessary;

c. in addition to the reductions required by Parts a and b, the separate maintenance grant will be reduced by 10% of the rate if family members receive local transportation at Government expense, and by an additional 10% of the rate if family members are provided access to military commissary and exchange facilities.

In no instance under Part a or b, above, will the total grant exceed the maximum applicable rate in Section 267.1

267.3 Method of Payment

SMA shall be computed and paid at annual rates, divided by the number of days in the calendar year to obtain a daily rate (counting 1/2 cent and over as a whole cent); multiplying the daily rate by 14 to obtain a biweekly rate; and multiplying the daily rate by the number of days involved to obtain the rate for any other period. The rate for any split pay period at the end of a calendar year shall be computed at the daily rate applicable on the first day of that pay period.

267.4 Travel and Transportation Costs

Travel and transportation costs are payable in accordance with the regulations of each agency.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 4-13-86

b - Effective - 4-27-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 4-27-86. The changes effective 4-13-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $14,750 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate employees are eligible for 25% danger pay allowance (See Chapter 650).

s - The listed allowance rates apply only to employees in the Pre Treaty Area authorized by law to receive such allowances. The listing for "Canal Area (Pre Treaty)" applies only to Albrook, Ancon, Balboa, Cardenas, Cocoli, Corozal, Curundu, Diablo Heights, Farfan, Fort Amador, Fort Clayton, Fort Kobbe, Gamboa, Howard AB, La Boca, Los Rios, Quarry Heights and Rodman.

THE FOLLOWING RATES WERE EFFECTIVE 4-13-86. SEE FOOTNOTE c.

Posts maintaining more than one set of these regulations should check against all sets and when possible make photographic duplicates of missing pages for a particular set. When copies of missing pages from a particular set of regulations cannot be duplicated at the post, address requests to: Department of State, ATTN: Allowances Staff (A/ALS). Request missing pages by page number rather than by TL:SR number. (Other than Foreign Service posts should request missing pages from their agency in Washington, D.C.)

270 EDUCATION ALLOWANCE

271 Definitions

a. "Education allowance" means an allowance to assist an employee in meeting the extraordinary and necessary expenses, not otherwise compensated for, incurred by reason of his/her service in a foreign area in providing adequate elementary and secondary education for his/her children.

b. "Adequate school" means an elementary school (grades kindergarten and 1-8 or equivalent) or secondary school (grades 9-12 or equivalent) not requiring mandatory denominational religious instruction and providing an educational curriculum and services reasonably comparable to those normally provided without charge in public schools in the United States. The major criterion of "adequacy" is whether a child of normal ability, upon completion of a grade, or its equivalent, can enter the next higher grade in a public school in the United States.

c. "Educational facility" means: (1) "school at post"; or (2) "school away from post"; or (3) "home study" as defined in this section.

d. "School at post" means an elementary or secondary school within daily commuting distance of the employee's home.

e. "School away from post" means an elementary or secondary school so far beyond daily commuting distance of the employee's post as to necessitate board and room in connection with attendance.

f. "Home study course" means a complete academic course using correspondence course materials in the home or private instruction.

g. "Child" means a dependent who is one of the children defined in Section 040m(2) and (4) and who is eligible for education at the elementary or secondary school level (grades K-12) except that such child must have attained the age of four years and must not have reached his/her 21st birthday.

h. "School year" means the total number of calendar days involved in obtaining, by means of a specific educational facility, elementary or secondary schooling within one prescribed maximum rate in one 12 month period.

i. "Advanced Placement Courses" are those courses offered by The College Board, 888 Seventh Avenue, New York, New York 10106 which give students the opportunity to pursue college-level studies while still in secondary school and to receive advanced placement and credit, or one of these, upon entering college. These courses usually culminate with the taking of an exam. (Since children in U.S. public schools must pay certain fees in connection with the taking of these exams, employees should not be reimbursed for the first $30 incurred per exam per child.)

272 Scope

272.1 Purpose

The education allowance is designed to assist in defraying those costs necessary to obtain educational services which are ordinarily provided without charge by the public schools in the United States, plus, in those cases where adequate schools are not available at the employee's post, the costs of room and board and periodic transportation between such posts and the nearest locality where an adequate school is available.

272.2 Rates of Education Allowance

Rates of education allowance are provided for "school at post", "school away from post" and "home study". Where a local school is adequate, the "school at post" and the "school away from post" rates are identical. In this circumstance, the rate for "school away from post" does not reflect the costs of attending a boarding school but simply indicates the allowance available for an employee who desires to send his/her child away to school despite the availability of an adequate local school. Where a local school is inadequate, an allowance rate is established to assist with the costs of attending the nearest and, transportation considered, least expensive adequate boarding school. Separate rates are available for home study courses or private instruction. An employee may not receive an allowance greater than the rate provided for the educational facility selected except in connection with supplementary instruction or education of a handicapped child.

272.3 Selection of School

An employee has freedom of choice in school selection.

273 Application Including Estimates of Costs

After the employee, or a family member, has arrived at the post, he/she may file an application including estimates of costs of tuition, books and supplies, required fees, room and board, and transportation for an education allowance grant on behalf of each child. (See allowable costs in Section 277.) However, an employee is expected to submit such receipts, billings, or other acceptable documentation of actual costs as are available at the time of the application. Such application shall not include a child who has traveled to the United States under the provisions of Section 280 within the 12 months immediately prior to the date of the beginning of the child's school year. (See also Section 276.2.) The application for each child shall be only for the school year, or fraction thereof, for which one maximum rate is applicable. Evidence of actual schooling costs must be submitted before the end of each school year or whenever requested by the officer designated to authorize allowances, the Department of State, or other responsible authority. (See Section 274.11b.)

274 Grant of Education Allowances (See also Section 077.32b.)

274.1 Amount

274.11 Normal Grant

a. An employee normally may be granted for each school year, or fraction thereof, on behalf of a child in grades K-12, the rate indicated in Section 920 for his/her post, grade and educational facility selected (Section 271.c) or in the case of home study and private instruction the rates indicated in Section 274.12b.

b. However, the officer designated to authorize allowances is required to authorize smaller amounts when it is determined that the employee's expenses for education justify such lesser amounts. Prior to the end of the grant period, satisfactory documentation of actual allowable school costs incurred by the employee, including transportation, must be presented to the authorizing officer. If the grant has exceeded documented expenses by more than $100.00, a revision of the grant must be made together with repayment by the employee of any overpayment.

*274.12 Other Amounts

The authorizing officer may authorize:

a. in addition to the amount authorized under Section 274.11 for "school at post", an amount up to $1,500 each school year for supplementary instruction (Section 276.8);

b. in lieu of the "school at post" rate, a separate allowance rate of up to $600 each school year for home study instruction in grades K-8 and up to $2,050 in grades 9-12, but not to exceed the "school at post" rate where local schools are adequate.

*c. for education of a handicapped child in lieu of the "school at post" rate, a separate allowance rate each school year up to $14,500 for "school at post" or "home study" including tutoring, or up to $30,150 for "school away from post" (See Section 276.7.);

d. temporary continuance of the rate of the last previous post when the employee transfers and leaves his/her child in the same school (See Section 276.4.);

e. in addition to the amount authorized under Section 274.11 for "school at post", non-refundable amounts charged by schools as one-time fees, not recurring in subsequent years of enrollment such as building fees, registration fees, matriculation fees, or admission fees, plus annual fees charged to just certain children in a family. This subsection may not be used to pay for shares of stock in the school which make either the employee or the United States Government a shareholder in the school.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 5-11-86

b - Effective - 5-25-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 5-25-86. The changes effective 5-11-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $14,750 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detai (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate employees are eligible for 25% danger pay allowance (See Chapter 650).

s - The listed allowance rates apply only to employees in the Pre Treaty Area authorized by law to receive such allowances. The listing for "Canal Area (Pre Treaty)" applies only to Albrook, Ancon, Balboa, Cardenas, Cocoli, Corozal, Curundu, Diablo Heights, Farfan, Fort Amador, Fort Clayton, Fort Kobbe, Gamboa, Howard AB, La Boca, Los Rios, Quarry Heights and Rodman.

THE FOLLOWING RATES WERE EFFECTIVE 5-11-86. SEE FOOTNOTE c.

STANDARDIZED REGULATIONS

(GOVERNMENT CIVILIANS, FOREIGN AREAS)

To the heads of Executive Departments and Establishments:

1. Material transmitted: Sections 240, 250, 650, 920. Pages 600 (130) and 600 (132)

   A. Effective June 8, 1986, Chapter 650, Danger Pay, was revised to authorize payment of danger pay at levels of 15, 20, and 25 percent. Section 653.1 has been revised to describe the use of the new FS-578., Danger Pay Factors Form.

   B. Effective July 1, 1986, Sections 240 and 250 are revised to reflect changes in the per diem system managed by the General Services Administration. The phrase "high rate geographic area" will no longer be used. References to the maximum statutory per diem rate ($50) and the "high rate geographic area" rate have been deleted. The new Standard CONUS rate of $50 will be used in the computation of the subsistence expense portion of the home service transfer allowance and, therefore, will not result in an increased payment under that allowance. The predeparture subsistence expense portion of the foreign transfer allowance will use the new maximum per diem rates and will result in higher payment under this allowance for many locations.

   C. Sections 240, 250 and 900 have been revised to incorporate the tables previously found at sections 942.1 and 942.2 and reflect the changes in wording discussed in B above.

240 FOREIGN TRANSFER ALLOWANCE

241 Description

241.1 Definitions

a. "Foreign transfer allowance" means an allowance under 5 U.S.C. 5924(2)(A) for extraordinary, necessary and reasonable expenses, not otherwise compensated for, incurred by an employee incident to establishing him or herself at any post of assignment in a foreign area, including costs incurred in the United States prior to departure for such post.

b. "Transfer" in Section 240 means an appointment, assignment, reassignment, or transfer that involves travel on the part of an employee from one post to another or from a place listed in Section 242.2b, to a post listed in Section 920. (See Section. 242.5)

241.2 Scope

The foreign transfer allowance is composed of three elements:

a. a lump sum miscellaneous expense portion to assist with certain extraordinary costs. The following and similar types of extraordinary costs are intended to be reimbursed with this allowance provided they are deemed to be reasonable and necessary in the individual case:

(1) disconnecting and connecting appliances, equipment and utilities;

(2) converting household equipment and appliances for operation on available utilities (including necessary power transformers);

(3) cutting and fitting rugs, draperies and curtains moved from one residence to another---not cost of new rugs, etc.;

(4) utility fees or contract deposits that are not offset by eventual refunds;

(5) automobile registration, driver's license and similar fees;

(6) personal cable and telephone costs attributable to the relocation of the employee and his/her family exclusive of such costs relating to travel and hotel arrangements intended to be reimbursed by per diem to which the employee is entitled.

Types of costs not covered include the following:

(1) losses in selling or buying real and personal property and costs of items related to such transactions;

(2) costs which are reimbursed under other provisions of these regulations or under any other regulations or under provisions of any statute;

(3) additional costs of moving household goods caused by exceeding the maximum weight limitation for which the employee has eligibility as provided by law or in regulations;

(4) costs of newly acquired items such as the purchase or installation costs of new rugs or draperies;

(5) higher income, real estate, sales, or other taxes as the result of establishing residence in the new post;

(6) fines imposed for traffic infractions while enroute to the new post;

(7) accident insurance premiums or liability costs incurred in connection with travel to the new post, or any other liability imposed upon the employee for uninsured damages caused by accidents for which the employee or an immediate family member is held responsible;

(8) losses as the result of the sales or disposal of items or personal property not considered convenient or practicable to move;

(9) damage or loss of clothing, luggage or other personal effects while travelling to the new post;

(10) subsistence, transportation or mileage expenses in excess of the amounts reimbursed as per diem or other allowances under pertinent regulations;

(11) medical expenses due to illness or injury of the employee or a member of family while en route to the new post;

(13) additional insurance on household goods while in transit to the new post.

b. a lump sum wardrobe expense portion. For this portion, posts are grouped into three zones according to climate, and employees into three family sizes. The flat rates provided for in this portion are intended to offset a part of the wardrobe cost of two zone transfers only, from zones 1 to 3 or 3 to 1.

c. a predeparture subsistence expense portion applicable to lodging, meals (including tips), laundry, cleaning and pressing expenses in temporary quarters for employee and each member of family for up to 10 days before final departure from a post in the United States to a post in a foreign area, beginning not more than 30 days after they have vacated residence quarters. 242.6 Transfer Allowance Payable to an Employee Whose Family is on Separate Maintenance Allowance

Where an employee arrives at a new foreign post, having been granted separate maintenance allowance on behalf of one or more family members, or arrives at the next subsequent post after termination of separate maintenance, the employee may be paid the applicable transfer allowance on behalf of self and/or family as shown below:

b. for the wardrobe expense portion;

242.7 Special Rules - Married Couple Employee

The miscellaneous expense portion "with family" rate may be granted to either eligible married couple employee (both civilian employees of the U.S. Government) or each may be granted the employee "without family" rate. If there are additional members of family, one employee may be granted the "with family" rate and the other the "without family" rate. However, for grants above the non-receipt amounts, the same expenditures may not be utilized by both employees.

For the wardrobe portion, (if applicable), the "employee and more than one member of family" rate or the "employee and one member of family" rate may be granted to either married couple employee where one or more members of family exist, as appropriate. In this instance, neither employee is considered to be a "member of family" (Section 040m). The employee, not granted a family rate, may be granted the "employee without family" rate.

For the predeparture subsistence expense portion, each married couple employee may be granted the "initial occupant" rate. One of the couple may be granted applicable amounts for any additional family members (excluding spouse). Alternatively, the couple may agree to consider one spouse as a family member only.

243 Advance of Funds for Foreign Transfer Allowance

An advance of funds may be made for the foreign transfer allowance through the authorized disbursing officer. The amount of such advance shall not exceed the maximum rate of the wardrobe portion, (if applicable), the non-receipt amounts of the miscellaneous expense portion, and the maximum rate of the predeparture subsistence expense portion (if applicable) of the foreign transfer allowance authorized in accordance with Section 242.

244 Condition Requiring Refund

An advance of funds not subsequently covered by a grant of the foreign transfer allowance made following transfer from a post of assignment in the United States or in a foreign area to a post of assignment in a foreign area shall be refunded by the employee to the agency.

250 HOME SERVICE TRANSFER ALLOWANCE

251 Description

251.1 Definitions

a. "Home service transfer allowance" means an allowance for extraordinary, necessary, and reasonable expenses, not otherwise compensated for:

(1) incurred by an employee incident to establishing him/herself at a post of assignment in the United States (Section 040a) between assignments to posts in foreign areas as authorized by 5 U.S.C. 5924(2)(B); or

(2) incurred by an employee incident to establishing him/herself at a post of assignment in the United States (Section 040a) or in any territory or possession of the United States or the Commonwealth of Puerto Rico as authorized by Section 901(14) of the Foreign Service Act of 1980.

b. "Transfer" in this chapter means a reassignment that involves travel:

(1) for employees under 5 U.S.C. 5924:

from a post in a foreign area to a post in the United States area with an understanding certified (See Section 077.32c.) to by the agency and the employee that he/she will, upon completion of such assignment, again be assigned to a post in a foreign area;

(2) for employees under the Foreign Service Act of 1980:

from a post in a foreign area to a post in the United States or other non-foreign area with an understanding certified (See Section 077.32c.) to by the employee that he/she will complete twelve months in U. S. Government service following the effective date of transfer.

251.2 Scope

The home service transfer allowance is composed of three elements:

a. a lump sum miscellaneous expense portion to assist with certain extraordinary costs. The following and similar types of extraordinary costs are intended to be reimbursed with this allowance provided they are deemed to be reasonable and necessary in the individual case:

(1) disconnecting and connecting appliances, equipment and utilities;

(2) converting household equipment and appliances for operation on available utilities (including necessary power transformers);

(3) cutting and fitting rugs, draperies and curtains moved from one residence to another---not cost of new rugs, etc.;

(4) utility fees or contract deposits that are not offset by eventual refunds;

(5) automobile registration, driver's license and similar fees;

(6) personal cable and telephone costs attributable to the relocation of the employee and his/her family exclusive of such costs relating to travel and hotel arrangements intended to be reimbursed by per diem to which the employee is entitled.

Types of costs not covered include the following:

(1) losses in selling or buying real and personal property and costs of items related to such transactions;

(2) costs which are reimbursed under other provisions of these regulations or under any other regulations or under provisions of any statute;

(3) additional costs of moving household goods caused by exceeding the maximum weight limitation for which the employee has eligibility as provided by law or in regulations;

(4) costs of newly acquired items such as the purchase or installation costs of new rugs or draperies;

(5) higher income, real estate, sales, or other taxes as the result of establishing residence in the new post;

(6) fines imposed for traffic infractions while enroute to the new post;

(7) accident insurance premiums or liability costs incurred in connection with travel to the new post, or any other liability imposed upon the employee for uninsured damages caused by accidents for which the employee or an immediate family member is held responsible;

(8) losses as the result of the sales or disposal of items or personal property not considered convenient or practicable to move;

(9) damage or loss of clothing, luggage or other personal effects while travelling to the new post;

(12) costs incurred in connection with structural alterations; remodeling or modernizing of living quarters, garages or other buildings, to accommodate privately owned automobiles, appliances or equipment or the cost of replacing or repairing worn-out or defective appliances or equipment shipped to the new post;

(13) additional insurance on household goods while in transit to the new post.

b. a lump sum wardrobe expense portion. For this portion, posts are grouped into three zones according to climate, and employees into three family sizes. The flat rates provided for in this portion are intended to offset a part of the wardrobe cost of two zone transfers only, from zones 1 to 3 or 3 to 1.

c. a subsistence expense portion designed to help offset costs of meals , laundry and dry cleaning of clothes and lodging in a hotel, pension, or other transient-type quarters, including obligatory service charges. A house or apartment may not be designated as "temporary lodging" unless the head of agency determines that it is or was occupied on a temporary basis. The amount paid under the subsistence expense portion is either the employee's daily expenses for allowable items or the maximum prescribed rate (Section. 252.3), whichever is less. The subsistence expense portion is granted for periods during which expenses for meals, laundry/dry cleaning and temporary lodging were incurred within the time limits established in Section 252.3.

252 Amounts (See also Section 077.32c.)

252.1 Miscellaneous Expense Portion

Upon entrance on duty pursuant to transfer (Section 251.1b), an employee may be paid the miscellaneous expense portion of the home service transfer allowance. Should the employee enter on duty at a post in the United States or other non foreign area location in advance of the arrival of his/her family, the employee may be paid the portion of the home service transfer allowance provided for an employee without family and may, upon the arrival of a family member at the post be paid the difference between the amount already granted and the allowance entitled by reason of family status.

a. The following amounts may be granted without receipts or itemizing required:

(1) for an employee without family - $350 or the equivalent of one week's pay, whichever is the lessor amount;

(2) for an employee with family - $700 or the equivalent of two week's pay, whichever is the lessor amount.

b. The following amounts, based on the employee's salary at the time of entrance on duty at the new post, may be granted in lieu of the amounts provided in Section 252.1a, if supported by either paid bills or other acceptable evidence justifying the amounts claimed:

(1) for an employee without family an amount based on actual allowable itemized expenditures not to exceed one week's salary for the employee or one week's salary for an employee at GS-13, step 10, whichever is the lessor amount;

(2) for an employee with family - an amount based on actual allowable itemized expenditures not to exceed two week's salary for the employee or two week's salary for an employee at GS-13, step 10, whichever is the lessor amount.

252.2 Wardrobe Portion

Upon entrance on duty pursuant to transfer (Section 251.1b), an employee may be paid the wardrobe expense portion (if applicable) of the home service transfer allowance prescribed in Section 251.2b.

In determining eligibility and the amount of a wardrobe portion of the home service transfer allowance payable to an employee who is transferred from a post listed in Section 920, the conterminous United States and Hawaii are considered to be classified as Zone 2, Alaska as Zone 1, and Puerto Rico, the U.S. Virgin Islands and other territories and possessions as Zone 3.

Size of Family	Two Zone Transfer Zone 1 to 3 or 3 to 1
Employee without family	$250
Employee and one member of family	$450
Employee and more than one member of family	$600

252.3 Subsistence Expense Portion 1/

a. Commencement of Grant(s)

The grant(s) may cover periods during which the employee, or a family member, incurred expenses for meals, laundry/dry cleaning and temporary lodging at the post and may begin as soon as the employee's transfer has been authorized and the written agreement required in Section 077.32c has been signed; provided that the total number of days for which reimbursement is authorized does not exceed the period of the employee's eligibility as prescribed in Sections 252.3b. The time period shall run concurrently for the employee and all members of family. Where the employee is already at the post to which transferred, or has not yet entered on duty as the result of medical treatment, the effective date of transfer, rather than the date of entrance on duty, shall govern.

1/ Revised July 1, 1986 to reflect new per diem rate terminology required by GSA Bulletin FPMR A 40, Supplement 20.

The amount which may be reimbursed for subsistence expenses shall be the lesser of either the actual amount of allowable expenses incurred by the employee and family members (Section 040m) for each time period or the amount computed as follows:

(1) For the first thirty-days:

a. For the initial occupant only, whether employee or family member age 12 or over, a daily rate not in excess of the standard CONUS rate or the per diem rate established for non foreign areas outside the CONUS, as applicable, for the locality in which temporary quarters are located; and

b. For each other occupant, whether employee or family member age 12 or over, two-thirds of the daily rate established in (a) above.

c. For each family member occupant under age 12, one half of the daily rate established in a. above.

(2) For the second thirty-days:

d. For each occupant, whether employee or family member, three fourths of the applicable daily rates established in a.,b. and c. above.

(3) Additional sixty-days:

e. When the head of agency determines, on a case by case basis, that an extension of time is necessary due to compelling reasons beyond the control of the employee, up to an additional sixty-days may be authorized, computed at the same rates established for the second thirty day period.

The daily actual subsistence expenses required to be itemized under Section 252.3c will be totaled for each time period to permit a comparison with the maximum allowable for the particular period derived under the above formulas. If less than thirty days is authorized or used for a period, the maximum allowable amount will be based on the number of days authorized, or used, multiplied by the applicable daily rate.

Rates of per diem are published in the following regulations:

1. Conterminous United States: Appendix 1 A of the Federal Travel Regulations. These rates are also included in Volume 6, Section 150, of the State Department Foreign Affairs Manual (and may be repeated in other agency manuals):

2. Alaska, Hawaii, Commonwealth of Puerto Rico and possessions of the United States: Department of Defense Joint Travel Regulations, Volume II, Appendix A. These rates are also included in Civilian Personnel Per Diem Bulletins issued by the Department of Defense and published in the Federal Register and may be repeated in other agency manuals.

b. Termination of Grants(s)

The grant(s) of the subsistence expense portion may authorize reimbursement for any periods for which meals, laundry/dry cleaning and temporary lodging expenses were incurred by the employee or family member at his/her post of assignment in the U.S., or other non foreign areas as appropriate, up to the total number of calendar days authorized, provided that: (1) during periods for which reimbursement is authorized the employee was in pay status; and (2) he/she was not authorized travel per diem (Section 252.3c). No reimbursement shall be authorized for any period on or after one of the following dates, whichever is earliest:

(1) the date the employee or any member of family occupies residence quarters;

(2) the date the employee departs from the U.S. post on transfer, or the effective date of transfer when the employee is absent from the U.S. post at the time the transfer order is issued and does not return to the U.S. post before proceeding to his/her new foreign post;

(3) the date of the employee's separation (Sections 040r, 254.2).

c. Determination of Rates

The rate at which the subsistence expense portion may be granted shall be the total of the employee's daily expenses for him/herself and family for restaurant meals, including tips, laundry/dry cleaning and temporary lodging (including room and bath, heat, light, fuel and water); in addition, there may be included the cost of service fees and taxes imposed by the management or local government upon the occupant during the period, or periods allowed by Section 252.3b or the total of the maximum rates for such period or periods, computed as specified in Section 252.3a, whichever is less. The subsistence expense portion shall not be paid on behalf of any individual, employee or dependent for any period during which travel per diem is payable on behalf of that individual. The location of the temporary quarters must be within reasonable proximity of the new post. Evidence of the daily cost of meals shall be a certified statement by the employee indicating the cost. The head of agency shall require supporting receipts or other appropriate documentation for daily cost of temporary lodging and laundry/dry cleaning (unless coin operated facilities are used).

252.4 Payment

The grant of the home service transfer allowance may be paid in a lump sum amount.

252.5 Prohibitions

Employees eligible under their agencies' regulations for either a subsistence expense allowance or a miscellaneous allowance authorized by 5 U.S.C. 5724a(a)(3) or 5724a(b) are not eligible for the subsistence expense, the miscellaneous expense and the wardrobe expense portions of the home service transfer allowance authorized by these regulations.

252.6 Special Rule - Married Couple Employee

The miscellaneous expense portion "with family" rate may be granted to either eligible married couple employee (both civilian employees of the U.S. Government) or each may be granted the employee "without family" rate. If there are additional members of family, one employee may be granted the "with family" rate and the other the "without family" rate. However, for grants above the non receipt amounts, the same expenditures may not be utilized by both employees.

For the wardrobe portion (if applicable), the "employee and more than one member of family" rate or the "employee and one member of family" rate (Section 252.2) may be granted to either married couple employee where one or more members of family exist, as appropriate. In this instance, neither employee is considered to be a "member of family" (Section 040m). The employee not granted a "family" rate may be granted the "employee without family" rate.

For the subsistence expense portion, each married couple employee may be granted the "initial occupant" rate. One of the couple may be granted applicable amounts for any additional family members (excluding spouse). Alternatively, the couple may agree to consider one spouse as a family member only.

253 Advance of Funds for Home Service Transfer Allowance

An advance of funds may be made for the home service transfer allowance through the authorized disbursing officer. The amount of such advance shall not exceed the maximum rate of the wardrobe portion (if applicable) and subsistence expense portion and the non-receipt amounts of the miscellaneous expense portion of the home service transfer allowance authorized in accordance with Section 252. The initial advance of funds for subsistence expenses shall not exceed the maximum amount allowable under Section 252.3a(1) for the first 30 day period. Thereafter, funds may be advanced for subsequent 30 day periods as authorized by agency.

254 Conditions Requiring Refund

254.1 Refund of Funds Advanced

An advance of funds not subsequently covered by a grant of the home service transfer allowance made following transfer from a post of assignment in a foreign area to a post of assignment in the United States or a non-foreign area shall be refunded by the employee to the agency.

254.2 Refund of Grant

a. An employee under 5 U.S.C. 5924(2)(B) who has been transferred and who has been paid a home service transfer allowance shall refund to the agency the total amount received as such allowance if he/she voluntarily separates (Section 040r) within twelve months from the date of his/her entrance on duty at his/her post in the U.S. or other non-foreign area, unless the head of agency determines in writing that it is appropriate to waive the refund.

b. An employee under Section 901(14) of the Foreign Section Act of 1980 who has been transferred and who has been paid a home service transfer allowance shall refund to the agency the total amount received as such allowance if he/she voluntarily separates (Section 040r) within twelve months from the date of entrance on duty at a post in the United States or non-foreign area, unless the head of agency determines in writing that it is appropriate to waive the refund.

SPECIAL ALLOWANCES

130 Purpose of Special Allowances

Special allowances specified in Sections 131 and 133 are paid to employees evacuated or authorized departure to offset any direct added expenses which are incurred by the employees as a result of his/her evacuation and/or the evacuation of his/her dependents. The employees continue to be responsible for normal family living expenses.

131 Determining Direct Added Expenses

In determining the direct added expenses which may be payable as special allowances under these regulations, the following items shall be considered:

a. Travel Expense Allowances

The travel expenses for the evacuated employee and for his/her dependents shall be determined in accordance with the rates of per diem for travel in foreign areas contained in the Standardized Regulations (Government Civilians, Foreign Areas) issued by the Secretary of State and the Federal Travel Regulations issued by the General Services Administration, implementing travel regulations. In addition, travel per diem is authorized for dependents of the evacuated employee at a rate which is equal to the rate payable to the employee as determined in accordance with the travel per diem regulations cited in this subsection, (except that the rate for dependents under 11 years of age shall be one-half this rate). Travel per diem for the employee and his/her dependents will be payable from the date of departure from the evacuation post through the date of arrival at the safehaven post, including any periods of delay enroute beyond the evacuee's control which may result from evacuation travel arrangements. After arrival at a safehaven post, a subsistence expense allowance is authorized under paragraph b.

aa. Special Safehaven Travel Considerations:

(1) Family Safehaven Points

When the U.S. is the designated safehaven, evacuation/ departure travel of all dependents as a family group may be permitted to the employee's home leave point or to an alternate point of choice in the continental U.S. even though the employee is authorized travel only to Washington, D.C. or other U.S. duty station. Families earlier evacuated or departed to the U.S. or to an officially designated foreign area safehaven, at Government expense, may be permitted to rejoin an employee subsequently evacuated to a duty station in the U.S. However, from an elective safehaven outside the U.S., travel expenses may be reimbursed only on a cost constructive basis calculated from the evacuated post to the U.S. duty station.

(2) Outside Point to Safehaven

When employee and/or dependents are away from a post on official travel (home leave and return orders, R&R, family visitation travel, emergency visitation travel, temporary duty) at the time an evacuation is ordered, travel expense may be paid to the safehaven point from the employee/dependent location.

When employee and/or dependents are away from a post on personal travel when an evacuation is ordered, travel to the safehaven is on a constructive cost basis, not to exceed cost of travel from the evacuated post to the safehaven point.

(3) Air Freight

An air freight allowance of 250, 200, 150, 100 pounds for first and succeeding family members may be authorized for both evacuation/departure from and return to post trips (in accordance with current travel regulations).

(4) Third Country Nationals

Third country national (TCN) employees and/or dependents should be considered for evacuation/ authorized departure travel to their country of origin or point of hire rather than to other designated foreign or U.S. safehavens, if this is in the interest of the U.S. Government.

b. Subsistence Expense Allowance

Unless otherwise directed by the Secretary of State, a subsistence expense allowance for the employee evacuated or authorized departure and/or his/her dependents shall be determined and paid in accordance with the schedule prescribed herein. Such subsistence expense allowance shall be paid as of the date following arrival at an authorized safehaven location and may continue until terminated under these regulations. The daily amount of the subsistence expense allowance shall be:

*(1) U.S. Safehaven 1/

*a. An allowance for each evacuee for each of the first 15 days following arrival is established at a rate equal to the standard conterminous United States (CONUS) per diem rate. No itemized accounting or receipts are required for this initial period.

b. Thereafter, for the duration of the evacuation or authorized departure period and unless payment at some other rate has been authorized, a standard daily rate shall be paid as prescribed below until a determination is made by competent authority that subsistence allowances are no longer authorized but may not exceed in any case 180 days after the evacuation.

(1) Employees or designees may opt for either a commercial or a non commercial rate for any stated period which shall apply to all family members. Receipts for lodging are required when the commercial rate is paid. No receipts or itemization is required when the non-commercial rate is paid.

(2) Commercial rate: The first evacuee is reimbursed for lodging not to exceed 60 percent of the per diem rate per day and is paid, in addition, a non-accountable amount of 40 percent of the per diem rate to assist in defraying all other expenses. Additional family members receive no separate lodging portion but each receives 20 percent of the per diem rate on a non-accountable basis.

(3) Non-commercial rate: The first evacuee is paid 50 percent of the per diem rate per day to assist in defraying expenses including any lodging or other expenses. Each additional family member is paid 10 percent of the per diem per day. Non commercial rate payments are on a non accountable basis.

(2) Foreign Area Safehaven

The subsistence expense allowance is established not to exceed the applicable per diem rate of the officially designated safehaven under the same payment guidelines as for the United States. However, evacuees who go to an approved alternate safehaven in a foreign area (other than the safehaven officially designated) are subject to: (1) the subsistence expense allowance rate(s) established for the official foreign safehaven; or (2) for the rate established for the U.S. if it is designated as the official safehaven; or (3) to a subsistence expense rate based on the alternate approved safehaven per diem rate, whichever is lowest.

(3) Actual Payment

The daily rate of the subsistence expense allowance actually paid an employee shall be either the maximum rate determined in accordance with (1) and (2) above, or a lower rate if, in the judgment of the authorizing officer, such lower rate would be more in keeping with the employee's necessary living expenses.

1/ Revised July 1, 1986 to reflect new per diem rate terminology required by GSA Bulletin FPMR A 40, Supplement 20.

(4) Special Rules for Subsistence Expense Allowance

a. During Annual Leave, Sick Leave, Home Leave, Leave Without Pay

Subsistence expense allowance should continue to be paid during periods of annual leave and sick leave to employee and dependents who are in evacuation status.

Subsistence expense allowance should not be paid to employees and dependents who are in home leave status or on leave without pay.

An employee who is away from his/her post on annual leave at personal travel expense when evacuation is ordered or departure authorized, should notify his/her post of an intention to return to work status immediately in order to be eligible for the subsistence expense allowance at a designated safehaven.

b. Career Couples

Career couple employees should each receive up to an employee rate of subsistence expense. (They are currently entitled to all other allowances, including home service temporary lodging, on an employee basis for each person.)

c. Lease Coverage

If employee or his/her designee signs a lease for temporary quarters at the safehaven and is ordered to return to post, a waiver of the refund due the Government on an advance or reimbursement of expense incurred should be authorized for the unexpired period of the lease up to 30 days and not to exceed 60% of the per diem per day.

d. Household Effects

Access to and delivery of stored household effects for evacuees should be at personal expense, not Government expense.

132 Prohibition Against Dual Payments

Payment of the subsistence expense allowance provided under Section 131b shall be suspended in the applicable per-person amount for any period during which the employee or his/her dependents are authorized the travel expense allowance under Section 131a or regular travel per diem.

133 Special Education Allowance

a. Unless otherwise directed by the Secretary of State, a special education allowance may be paid on behalf of children evacuated to a place in a foreign area as follows:

(1) at the annual rate of the "school at post" education allowance indicated for the safehaven post in Section 920 of the Standardized Regulations (Government Civilians, Foreign Areas); and

(2) at the "school away from post" rate either of the evacuated post or of the safehaven post, at the discretion of the authorizing officer, where children are sent away from the safehaven post to schools necessitating boarding. In the latter case the subsistence expense allowance ceases for that child.

b. Generally education allowances are not payable on behalf of children evacuated or authorized departure from a post in a foreign area to safehaven in the United States if accompanied by a parent, as public schools are available to all residents in the United States.

GENERAL PROVISIONS

140 Designation of Safehaven Post

A safehaven post will be selected by the Secretary of State as far in advance of any actual, or possible, evacuation as practicable, and employees will be notified of the designated safehaven post to which it is expected that they and their dependents will be evacuated or authorized to depart in any emergency requiring evacuation or authorized departure. Alternate safehaven posts may be designated when considered necessary.

141 Payment Procedures

Payment of advance and evacuation/departure payments and any required adjustment thereof will be made in accordance with procedures approved by 1/ ______________________________.

142 Termination of Payments

Entitlement to advance or evacuation/departure payments or special allowances during an evacuation or authorized departure shall cease as of the earliest of the following dates:

a. the date the evacuated/departed employee commences travel under an order assigning him/her to another duty station outside the evacuation area;

b. the effective date of transfer when the employee is already at the post to which transferred;

c. the date of termination of his/her civilian service with the Department;

d. the date specified by 1/ ______________________; or

e. the date specified by the Secretary of State.

143 Return to Assignment

Not later than the expiration of 180 days after the date of evacuation, or when the emergency or evacuation situation is terminated, an employee must be returned to his/her regular post of assignment, or appropriate action must be taken to reassign him/her to another post. This action must be taken in accordance with prescribed Office of Personnel Management procedures, Foreign Service regulations or other applicable rules, as appropriate.

144 Review - Employee Accounts

a. The payroll office having jurisdiction over the employee's accounts shall review his/her account at the earliest possible date after the evacuation/departure is terminated, or earlier if the circumstances justify, or after the employee returns to his/her assigned post of duty, or when the employee is officially reassigned to another post.

b. For the period or periods covered by any payments under these regulations, the employee shall be considered as though he/she had rendered active Federal service in his/her regular position without a break in service. His/her compensation shall be adjusted on the basis of the rates of compensation including any allowances or post differentials to which he/she would otherwise have been entitled under all applicable statutes other than this Act as reflected in Sections 120a and b. Any adjustments in his/her account shall also reflect payments made to the employee as authorized by Sections 110 through 116 of these regulations.

CHAPTER 650

DANGER PAY ALLOWANCE

651 Definitions

For the purpose of this chapter:

a. "Danger Pay Allowance" means the additional compensation of up to 25 percent over basic compensation granted to employees (Sections 031 and 040i) for service at designated danger pay posts, pursuant to Section 5928, Title 5, United States Code (Section 2311, Foreign Service Act of 1980) and the provisions of this chapter.

b. "Danger Pay Post" means:

1. a place listed individually in Section 920 which has been so designated by the Secretary of State;

2. a place which is not listed individually in Section 920 but which is located in a country or area which has been so designated by the Secretary of State.

c. "Detail" means detail as defined in Section 040p for a minimum of 24 consecutive hours, commencing at time of arrival, at a place designated a danger pay post, other than the employee's post (Section 040h), including all periods of leave while present at such place of detail but excluding any days of absence away from the designated post or country/area. Employees transiting a post who are inadvertently detained thereat for more than one day shall be considered on detail.

d. "Day" means each midnight, including the midnight of the 24-hour minimum period required by Section 651c, occurring while the employee is on detail at a designated danger pay post or country/area.

*652 Scope

a. The danger pay allowance is designed to provide additional compensation above basic compensation to all U.S. Government civilian employees, including Chiefs of Mission, for service at places in foreign areas where there exist conditions of civil insurrection, civil war, terrorism or wartime conditions which threaten physical harm or imminent danger to the health or well-being of an employee. These conditions do not include acts characterized chiefly as economic crime.

b. The danger pay allowance may be granted separately from any grant of post differential in Chapter 500 and may be granted at foreign posts or country/areas which have no post differential.

c. The danger pay allowance, if prescribed, is in lieu of any special incentive differential authorized a post under the provisions of Chapter 570, which may have been in effect at the post at the time of designation as a danger pay post to the extent that the combined payments may not exceed 25 percent of basic compensation.

d. The danger pay allowance is in lieu of that part of the hardship post differential rate (Chapter 500) at a post which is attributable to political violence. Consequently, the rate of post differential may be reduced while danger pay allowance is in effect to avoid dual crediting for political violence. However, combined danger pay and post differential for each employee will be at least five percent of basic compensation above the previous combined post differential and special incentive differential, if any, in effect at the post.

*e. The amount of the danger pay cannot exceed 25 percent of basic compensation.

*f. The amount of danger pay allowance shall be at the rates of 15, 20 and 25 percent, based on the determined level of danger and the presence of non-essential personnel and dependents at post.

653 Basis for Danger Pay Allowance

*653.1 Designation

A danger pay allowance is established by the Secretary of State when, and only when, civil insurrection, civil war, terrorism or wartime conditions threaten physical harm or imminent danger to the health or well being of a majority of employees officially stationed or detailed at a post or country/area in a foreign area. To determine whether the situation meets the danger pay criteria, a post usually must submit the Danger Pay Factors Form (FS - 578) along with pertinent supporting information to the Department of State (Allowances Staff) for review. The Director of the Allowances Staff will chair a working group which will make a recommendation to the Assistant Secretary of State for Administration concerning a danger pay designation.

653.2 Criterion

In general, the conditions described under Sections 652a and 653.1 must be such that there must exist a continuing threat of physical harm or imminent danger to health or well being of employees at the post.

653.3 Periodic Review

Conditions at danger pay allowance posts are reviewed periodically at appropriate intervals by the working group to ensure that the danger pay allowance continues only during the existence of conditions justifying such payment. As a result of periodic reviews the danger pay allowance may be modified or removed at any time.

654 Danger Pay Allowance Applicable to Post (Section 040h)

654.1 Commencement

Danger pay allowance commences on the date of designation by the Secretary of State for employees present at the post on assignment or detail, and on the date of arrival at post for subsequently assigned or detailed employees or for employees returning to post after temporary absence.

654.2 Termination

The danger pay allowance terminates as of the close of business on the day the designation is removed by the Secretary of State, or the day the employee departs the post for any reason for a post or country/area not designated for the danger pay allowances.

655 Danger Pay Allowance on Detail

Employees on detail at a danger pay post may be granted the danger pay allowance at the prescribed rate for all days of detail at such post except for days of absence from the post in a post or area not designated for the danger pay allowance.

656 Payments

656.1 Full-Time, Temporary and Intermittent Employees

The danger pay allowance for full-time employees and employees appointed for temporary periods (Sections 013.3 and 031.4) shall be at the percentage of basic compensation established for the post. For part time regularly scheduled employees and intermittent employees the danger pay allowance shall be computed at the prescribed percentage of basic compensation earned during the applicable pay period.

656.2 No Ceiling on Payments

The danger pay allowance is not subject to any ceiling which would provide a payment less than the full percentage rate prescribed for the post.

657 Exclusion of Danger Pay Allowance from Step Pay Increase Computations

Payment of the danger pay allowance shall not be construed as part of basic compensation for computing within-grade, step, merit pay increases and Senior Executive Service or Senior Foreign Service bonuses.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 6-8-86

b - Effective - 6-22-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 6-22-86. The changes effective 6-8-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $14,750 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate employees are eligible for 25% danger pay allowance (See Chapter 650).

s - The listed allowance rates apply only to employees in the Pre Treaty Area authorized by law to receive such allowances. The listing for "Canal Area (Pre Treaty)" applies only to Albrook, Ancon, Balboa, Cardenas, Cocoli, Corozal, Curundu, Diablo Heights, Farfan, Fort Amador, Fort Clayton, Fort Kobbe, Gamboa, Howard AB, La Boca, Los Rios, Quarry Heights and Rodman.

THE FOLLOWING RATES WERE EFFECTIVE 6-8-86. SEE FOOTNOTE c.

CHAPTER 300

REPRESENTATION ALLOWANCES

310 GENERAL

311 Definition

"Representation allowances" mean an allowance granted pursuant to Section 905 of the Foreign Service Act of 1980, or other acts providing allowances equal or similar to representation allowances provided for the Foreign Service under that section. The allowances are for the purpose of furthering abroad the interests of the United States.

312 Scope

Representation allowances are intended to cover allowable items of expenditure by employees, including foreign national employees, whose official positions entail responsibility for establishing and maintaining relationships of value to the United States in foreign countries and by adult family members acting with or on behalf of these employees. Upon submission of vouchers, reimbursement may be effected or payment may be made on behalf of such employees for allowable items of expenditure. To the maximum extent practicable, use shall be made of American products, including American wine.

320 ALLOWABLE ITEMS OF EXPENDITURE

Expenditures for items of the following kinds incurred in the foreign country or area of assignment or detail by employees and adult family members acting with or on their behalf described in Section 312, may be approved for reimbursement or payment:

a. entertainment of a protocol nature, such as that normally offered by the principal and high-ranking subordinate officers of the Foreign Service at posts abroad on such occasions as national holidays and on such other important occasions as visits of noted personages or of public vessels or aircraft;

b. entertainment undertaken by employees to promote personal relationships necessary to the performance of their official duties;

c. tips and gratuities (in addition to those related to entertainment) to persons not employed by the United States, where such gratuities are customary in a foreign country and are necessary or desirable for the promotion of United States' national interests;

d. purchase of flowers, wreaths and similar tokens for presentation in accordance with local custom on appropriate occasions such as weddings, births or deaths of important personages;

e. entertainment of members and employees of the Legislative and/or Judicial Branches of the United States Government, or other American citizens who are not employees of the Federal Government, including State and local officials and business persons; and

f. hiring extra waiters, busboys or other temporary help to serve at official functions; and

g. other representational expenses which the head of agency may authorize or approve as being of a type to promote the interests of the United States.

330 PROHIBITIONS

Representation allowances shall not be used for the following or similar purposes:

a. hire, purchase, operation or repair of any motor-propelled, passenger-carrying vehicle, including aircraft (31 U.S.C. 638a and b);

b. membership fees or dues in any society, club, or association (5 U.S.C. 5946);

*c. expenses of printing or engraving (44 U.S.C. 1102);

Exception: Expenses of printing or engraving invitations to official functions may be charged to representation funds where such expenses are incurred in conformity with Government Printing and Binding Regulations or where printing or engraving is done abroad pursuant to agency authority for such printing. (e.g. Department of State authority under 22 U.S.C. 2669(a)).

d. printing of Christmas cards, or other types of greeting cards (Decisions of Comptroller General B-115132, June 17, 1953; B-122515, February 23, 1955; B-133991, November 25, 1957; B-142538, February 8, 1961; B151167 and B-156724, November 29, 1967);

e. compensation for cost of living, quarters expenses, or for assignment under difficult environmental conditions; including expenses of recreation and entertainment solely for employees of the Executive Branch of the United States Government and their families (5 U.S.C. 5536).

340 PAYMENT

341 Vouchers

Representation allowances may be reimbursed to an employee (including foreign national employees), to adult family members or they may be paid directly to a vendor upon presentation of appropriate vouchers for allowable expenditures (Section 320). Before certifying a voucher for payment, the authorized certifying officer shall determine that no prohibited items are included therein (Section 330) and that the voucher contains an explanation of the expenditures by employees and adult family members acting with or on their behalf as listed below:

a. Vouchers for Entertainment

(1) type, purpose and location of function;

(2) names and titles of American and foreign guests of honor; and

(3) a brief description of the official business conducted when all guests are U.S. citizens as authorized in Section 320e above.

b. Vouchers for Representation other than Entertainment

(1) occasion;

(2) name and title of recipient or recipients; and

(3) reason for expenditure.

342 Receipts

A supporting receipt shall normally be supplied for each expenditure of over $35 upon any single occasion. Where it is impracticable to obtain receipts, the employee's certificate as to the expenditure will be sufficient.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 7-6-86

b - Effective - 7-20-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 7-20-86. The changes effective 7-6-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $14,750 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate employees are eligible for 25% danger pay allowance (See Chapter 650).

s - The listed allowance rates apply only to employees in the Pre Treaty Area authorized by law to receive such allowances. The listing for "Canal Area (Pre Treaty)" applies only to Albrook, Ancon, Balboa, Cardenas, Cocoli, Corozal, Curundu, Diablo Heights, Farfan, Fort Amador, Fort Clayton, Fort Kobbe, Gamboa, Howard AB, La Boca, Los Rios, Quarry Heights and Rodman.

THE FOLLOWING RATES WERE EFFECTIVE 7-6-86. SEE FOOTNOTE c.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 9-28-86

b - Effective - 10-12-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 10-12-86. The changes effective 9-28-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $16,550 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate, employees are eligible for danger pay allowance as shown below:

Afghanistan	25%	Lebanon	25%
Colombia	20%	Peru	15%
El Salvador	20%	Sudan	25%

THE FOLLOWING RATES WERE EFFECTIVE 9-28-86. SEE FOOTNOTE c.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 10-26-86

b - Effective - 11-9-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 11-9-86. The changes effective 10-26-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $16,550 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate, employees are eligible for danger pay allowance as shown below:

Afghanistan	25%	Lebanon	25%
Colombia	20%	Peru	15%
El Salvador	20%	Sudan	15%

THE FOLLOWING RATES WERE EFFECTIVE 10-26-86. SEE FOOTNOTE c.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 11-23-86

b - Effective - 12- 7-86

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 12-7-86. The changes effective 11-23-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $16,550 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate, employees are eligible for danger pay allowance as shown below:

Afghanistan	25%	Lebanon	25%
Colombia	20%	Peru	15%
El Salvador	20%	Sudan	15%

s - The listed allowance rates apply only to employees in the Pre Treaty Area authorized by law to receive such allowances. The listing for "Canal Area (Pre Treaty)" applies only to Albrook, Ancon, Balboa, Cardenas, Cocoli, Corozal, Curundu, Diablo Heights, Farfan, Fort Amador, Fort Clayton, Fort Kobbe, Gamboa, Howard AB, La Boca, Los Rios, Quarry Heights and Rodman.

THE FOLLOWING RATES WERE EFFECTIVE 11-23-86. SEE FOOTNOTE c.

FOOTNOTES TO SECTION 920

(Explanations on how to use the post classification and payment tables are included in Section 910 of these regulations.)

a - Effective - 12-21-86

b - Effective - 1-4-87

c - Changes were effective on both of the above dates. The allowance or other revision printed in this Section 920 was effective 1-4-87. The changes effective 12-21-86 are listed at the end of these footnotes.

d - No current cost information is available as all U.S. Government employees are in Government owned or leased housing. Any U.S. Government organization with employees eligible for the LQA should submit housing cost information to the Department of State as required by Section 072 and 077 of these regulations. Until more suitable housing cost information can be used to establish LQA rates for the locality, the following LQA rates are authorized:

LQA GROUPS	2	3	4
WF	4000	4000	4000
WOF	4000	4000	4000

e - These LQA rates are established for the benefit of only a few or no current employees and therefore do not necessarily represent overall local quarters costs. (See Sections 072 and 077 for information on the reporting of housing cost data.)

f - The indicated 'away from post' boarding school rates are to be reduced to the 'at post' rates at the end of the current school year.

h - When payment is made directly to a DOD school rather than as an education allowance to the employee, such payment must be considered to be in lieu of the education allowance. Thus, an employee whose child changes schools (DOD school, local school, U.S. school) during a school year, must deduct any payment made, or to be made, directly to the DOD school on the child's behalf from these rates. An employee cannot be granted or have paid on his/her child's behalf, an amount greater than the rates published for any one school year.

k - The TLA rate for the first day in any hotel may be increased by the amount of any mandatory room reservation fee levied.

m - The 'away from post' rate of $16,550 is for use only in attending schools located outside of South Africa. The school 'at post' rate may be used in attending day or boarding schools in South Africa.

n - In lieu of any other differential authorized by these regulations, an employee who serves for a period of 42 consecutive calendar days or more on detail (Section 511d) at one or more places in Lebanon may be granted the post differential at the prescribed rate for the number of days served at each such place, beginning with the first day of detail in Lebanon.

p - In addition to the listed post differential rate, employees are eligible for danger pay allowance as shown below:

Afghanistan	25%	Lebanon	25%
Colombia	20%	Peru	15%
El Salvador	20%	Sudan	15%

s - The listed allowance rates apply only to employees in the Pre Treaty Area authorized by law to receive such allowances. The listing for "Canal Area (Pre Treaty)" applies only to Albrook, Ancon, Balboa, Cardenas, Cocoli, Corozal, Curundu, Diablo Heights, Farfan, Fort Amador, Fort Clayton, Fort Kobbe, Gamboa, Howard AB, La Boca, Los Rios, Quarry Heights and Rodman.
